# CABINETS

# ABOUT OUR CABINETRY PROGRAM

Our collective vision will come to life with a fully curated, one-of-a-kind experience from the tailoring of technical drawings and renderings, selection of exclusive designer materials, applications and door styles, to plumbing plans and specifying products. We provide you with a distinct experience unlike any other cabinetry company. When working with us, you get the benefit of our expertise in the full realm of design. Unlike most cabinet companies, at M2 we make selections of materials, plumbing, tile, countertops, and lighting in addition to cabinet design.

# PRICING AND MINIMUMS

Our price points are highly competitive with non-designer cabinet lines. We do require purchasing minimums per room and an overall minimum spend of \$100,000 as this is a full service and luxury product offering. It is best suited for those looking for the best value to style ratio!

**Product Purchasing Minimums for Cabinets:**

**Kitchens starting at \$45,000**

**Master Baths starting at \$8,000**

**Ancillary Baths and Powder Rooms starting at \$2,000**

**Mudrooms and Laundry Rooms starting at \$2000**

Numbers do not include installation, hardware, tax, freight, or storage and delivery. This is for cabinetry product only.

# WORKING WITH THE DESIGN COMMUNITY

We also provide our cabinetry services to other designers in the design community. We can be your silent partner through M2 Designer Cabinetry while you take the lead!

Here is what some of our Designer friends have to say about working with us.

*"Before I started working with M2 I was not monetizing the cabinetry portion of my business at all! I had no idea this could become an additional revenue stream for my business. My clients love them and the results are incredibly high end and exceptionally unique."*

*"I love that M2 can handle all the cabinetry needs for my higher end clients. The level of detail and the curated product offering is a great fit. This is one less thing I have to worry about in my design business."*

*"Since all of the staff at M2 are trained and credentialed designers, they know what I expect. It is that simple."*

# ANCILLARY SERVICES AND LEAD TIMES

M2 also offers all the things needed to make a kitchen or bath beautiful and functional. We offer exclusive high end hardware, specialty plumbing, artisan tiles, and decorative lighting. We partner with excellent providers in the area of countertops and appliances for a comprehensive approach to kitchen and bath design.

Lead times on our products range from 7 weeks to 28 weeks depending on the level of complexity and customization chosen for the project. All the products we represent carry a lifetime or limited lifetime warranty and we have confidence in the manufacturers' ability to meet deadlines and expectations.
