

MAUDIFY

ABOUT THE PROGRAM

Our furniture focused program allows you amazing access to our incredible design team and to the trade-only products resulting in a professional design plan tailored to your lifestyle.

What to expect:

A \$1500 design fee per small room like foyers and powder baths, or a \$2500 design fee per standard room.
The design fees can be applied to the purchase of your products once you reach a certain spending level.

The minimum product purchase required to participate is \$30,000, but does not reflect the amount to complete any project. Please see the pricing guide at the end for a reference on industry standards for furniture pricing.

High value/style products from our curated vendors with excellent lead times.

The option to utilize a fully digital toolkit to maximize your budget.

You provide measurements using an easy to use app or provide existing architectural plans.
For a small fee, we can measure for you.

You submit photos of your existing space and provide inspiration images.

KICK OFF MEETING WITH A DESIGNER

We draw up your plan making sure the furniture we select will fit precisely. We review plan ideas and discuss spatial planning. We provide an option A and B for review and get ready for Design Meeting 1.

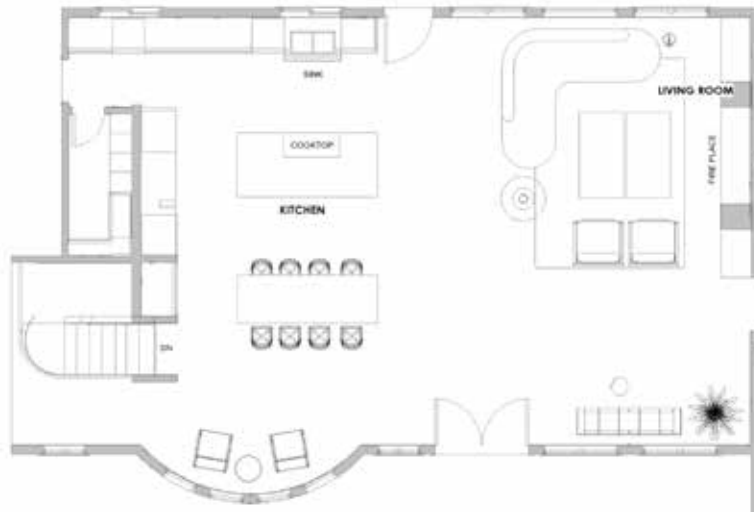

We select beautiful items for your home that are quick ship, if desired, and fit within your budget.
A 3D rendering of the space will be presented.

We provide detailed pricing and walk through the plan with you.
You have the option to submit feedback and changes before proceeding to Design Meeting 2.

Family Room			
1.00	Each	Bench	4,049.00
			
2.00	Each	Concrete coffee table	2,040.00
			
1.00		Tree	\$14.99
			
1.00	Each	L-shaped sectional	5,706.00
			
2.00	Each	Family Room Chair	3,708.00
			
1.00	Each	Family Rug 36'10" Price includes tax and shipping	2,010.00
			

In the second design meeting, your final design plan is delivered with all of your changes incorporated. You are able to make additional changes or tweaks for an hourly fee to make sure it's perfect.

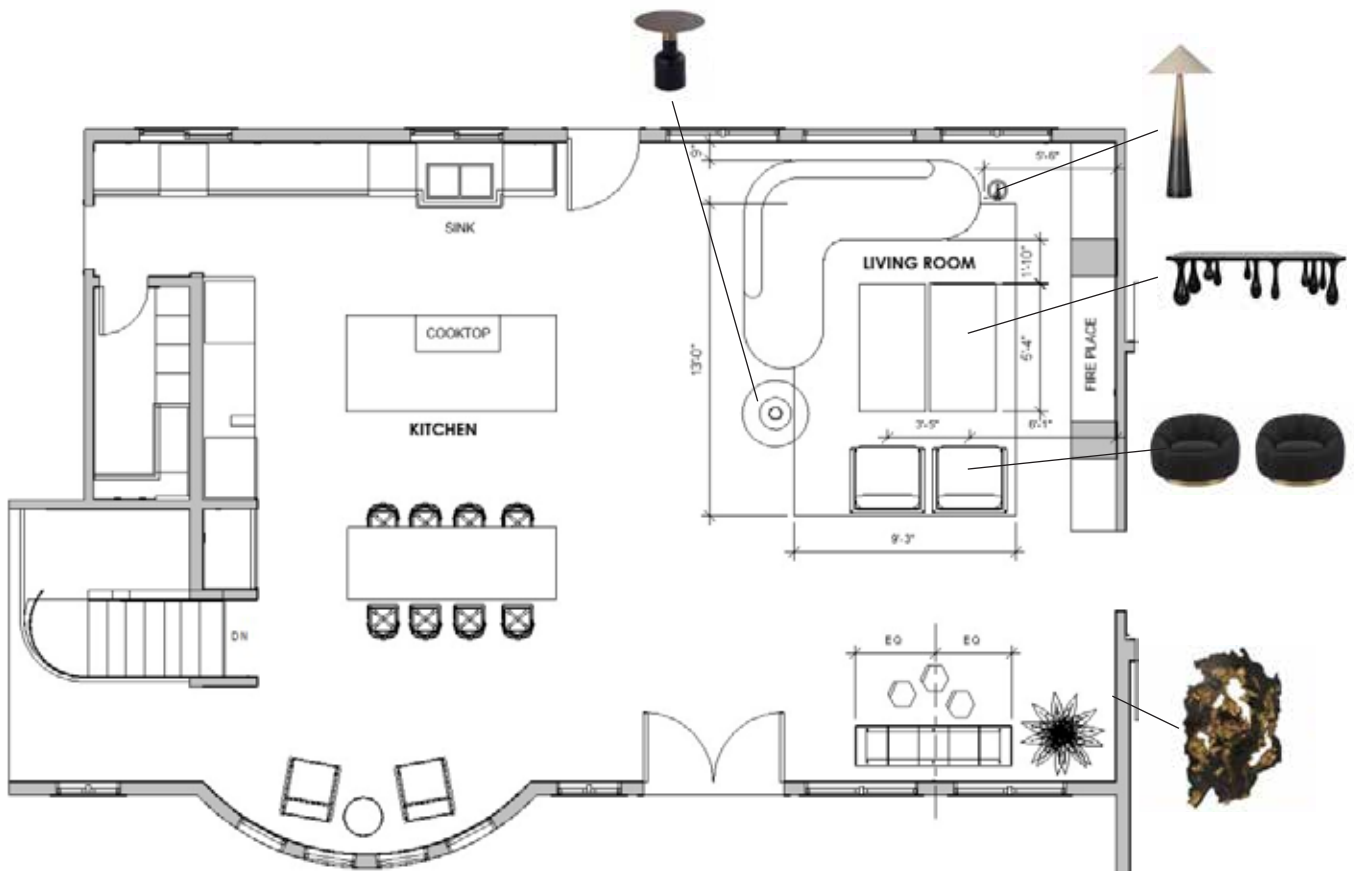

DELIVERY OF INSTALLATION GUIDE

A detailed installation map and instructions will be given to you.

For an additional fee, full installation and staging services through one of our trusted logistics partners can be arranged.

BUDGETING GUIDE

At Murphy Maude Interiors we source furniture, fabrics, and materials directly from manufacturers and even custom create some of our own through local artisans and Mable Originals, our line of product offerings. This provides access to not only a wider selection than you would find at a retail store, but also allows you to access products that are much more durable, customizable and unique to your theme at the best possible value.

**Does not include ancillary items including but not limited to freight, receiving, inspection, assembly, storage, white-glove delivery, and accessorizing.*

WALLPAPER

We love incorporating wallpaper into projects when possible! Wallpaper lead times can be 4-6 weeks depending on time of order. While we can help estimate the amount of paper for budgeting purposes, you will need to hire a local installer to measure and provide the exact amount in square feet needed before the order can be placed. We will provide the tearsheets and the specs to the installer only. You will also be responsible to arrange wallpaper installation once your paper arrives directly with your installer.

MMI is not responsible for incorrect measurements or installation errors. Any additional wallpaper that must be reordered due to incorrect measurements or installation errors will incur additional charges for the new material.

CURTAINS & HARDWARE

MMI is happy to provide one of our designer curtain products for your project at a finished length of your choosing. If you do not choose a standard length, the timeline may be extended for the delivery of your curtains.

Curtains are light-blocking not full black-out. Curtains are pocket construction, but can be added to curtain rings with professional pins if you have a local installer to accomplish this seamless look. We do not offer hardware, installation or hemming services. We do not control the lead times on curtains. We have experienced 4 weeks to 6 weeks for curtain production in the past as a guide.

DECORATIVE LIGHTING

MMI is delighted to provide you lighting fixtures as a part of your design plan. We do not offer installation of fixtures, nor do we provide the bulbs. We will provide a detailed installation map to guide you and your electrician on lighting placement. Often times ceilings in older homes do not have the structure required to accept heavier fixtures, please verify your home can hold the weight of the fixture proposed before making your purchase.

ACCESSORIES

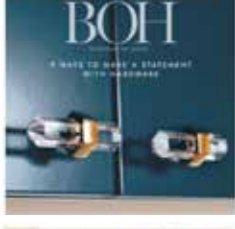

MMI is happy to provide full accessories, art, and decor for your home. We do not provide installation or accessorizing services. This is a service that can often be outsourced through a third party in your locality if you do not wish to DIY. We will provide maps and supplemental photos on how to apply the accessories to your home and general instructions on the height to hang the art or mirrors as needed.

INSTALLATION DAY

MMI does not provide, receiving, white glove delivery or installation. We partner with 3rd party companies to provide this service and there will be a final bill to cover these pass through costs. We can arrange door delivery or a full installation delivery for you depending on the services provided by the receivers in your area.

Any issues that arise during installation day must be handled directly with the 3rd party source not through MMI as all items will be inspected, and declared in new and working order at time of receipt at receiver. If a product arrives damaged, it will be reordered or repaired before delivery to your home. MMI can not be responsible for damages or issues created by the 3rd party receiving, storage and delivery company.

*For additional charges you have the option to add on customization in any category.
