BUILDER + DEVELOPER SPECIFICATION PACKAGES

We offer two different packages depending on your needs and allowances.

Our **Light Specification Package** includes paint/wallcovering, lighting, hardware, fixture, countertop, cabinetry finish, tile, and flooring selections along with purchasing information. We work with your preferred national vendors such as ProSource, Ferguson's, and Graham's Lighting when making these selections to give you the most available and effective items no matter the project location.

Our **Premium Specification Package** includes everything from our Light package plus professional procurement services. Our procurement team will prepare proposals for approval and order final selections from your preferred vendors.
